

## USED 160kV LAZY SUSAN X-RAY CABINET

### 160kV Lazy Susan High Production Film/CR Cabinet

This cabinet works well for high throughput situations for use with Film or CR. It comes equipped with shelving for accommodating a Digital Panel under the turntable.

### X-RAY RADIATION SYSTEM

The X-Ray System is a Philips MG161, 60Hz X-Ray System with a 160kV 3.0kW X-Ray tube made Film/CR Inspection. The System includes:

- |  |  |
|--|--|
